

The K6 Program:

K6 Sports offers various sports programs which give instruction in an academy like setting supplemented by relevant quality game experiences.

Unlike most recreation programs, usually operated by volunteer coaches and parents, K6 Sports teams are coached by certified youth professionals who teach and coach the game in carefully planned progressions. The fundamentals and progressions taught by our coaches lead into offensive and defensive concepts.

Skill, Drill, and Compete comprise the formula for success in K6 Sports. Each child will learn many of the techniques needed to be successful in a sport without having to be on an elite travel team. In addition, our program is adjusted to the age and ability of the players to ensure that the highly skilled athlete will get challenged and the novice will have the opportunity for success.

Although all children who participate in K6 Sports Programs will receive unprecedented instruction in conditioning and skills, the biggest benefit of the program is the enhancement of the social, moral and emotional development of each child.
